## American Brilliant Cut Glass 1876-1916

*Beautiful Objects, Hand Crafted by Skilled Artisans in Lead Glass*

The **American Cut Glass Association (ACGA)** invites you to learn about American Brilliant cut glass. The ACGA was founded in 1978 as a non profit organization to provide collectors and researchers with knowledge about this art form, and opportunities to gather with others who appreciate this beautiful glass.

## Membership Benefits

*For \$35—the price of movie attendance for two—the ACGA can offer all the benefits of an annual membership.*

The ACGA provides several levels of membership to suit any budget. Visit the website for more information and membership forms, or write to ACGA Executive Secretary, P.O. Box 1147, Elizabeth, CO 80107, or email [acgabill@gmail.com](mailto:acgabill@gmail.com).

### The ACGA Website

This is the entryway into more knowledge about American Brilliant cut glass and what ACGA membership has to offer. The website features many opportunities to learn about glass, the chance to see photos of authentic cut glass, read articles, and access the Facebook page. Members receive additional benefits and stay in touch through the Membership Directory.

### The Hobstar

The journal of the ACGA, *The Hobstar*, is published ten times per year. Members can access and read *Hobstars* from 1978 to the present for research and pleasure from the Member's Only side of the website.

## Catalog Reproductions

The ACGA website offers the opportunity to purchase historic cut glass catalogs reprinted by the ACGA. The Member's Only section of the website also has discounts for members, and additional catalogs posted for review and research.

## Regional Chapters & Annual Conventions

Chapters and conventions offer the opportunity to gather with others who are knowledgeable and enthusiastic about American Brilliant cut glass. The heart of the convention is a dazzling show of the finest cut glass in the country, presented by dealers who are knowledgeable and respected.

The ACGA's cut glass collection is available to view on a rotating basis at the Fort Wayne Museum of Art, Fort Wayne, IN. A collection of cut glass reference materials is also housed there in the Edward D. Auer Memorial Library.
